	Seattle	<a href="#">Seattle ReCreative</a>

I found many of these resources courtesy of [trashn2tees.blogspot.com](http://trashn2tees.blogspot.com). As that list was posted in 2014, many organizations are no longer in business. I've updated the list with new businesses and removed defunct ones. This list is current as of May 2020. Information changes rapidly, so be sure to check before you go.
